

HAPAC

HEALTH AGENTS
POLITICAL ACTION COMMITTEE

All Politics Are Local

What Is Health Agents PAC?

HAPAC is a voluntary, non-partisan organization that solicits financial contributions from members of the Louisiana Association of Health Underwriters, as well as the state's health and disability insurance industry.

How Is The Money Used?

Contributions are used to enhance the association's political advocacy efforts. They are also used to support Louisiana legislative and statewide candidates who have demonstrated a commitment to issues of key importance to LAHU members and the state's health and disability insurance industry. All distributions must be approved by the **HAPAC** Board of Directors.

Why Should I Contribute?

Through **HAPAC**, LAHU can support candidates who understand and promote the health and disability insurance industry. Your contributions to **HAPAC** give LAHU the ability to develop champions for our business and recognize legislators who speak out for your interests.

Strengthening Alliances

HAPAC is also important in helping LAHU build bridges with other allied organizations. When one of these associations calls upon LAHU to help a friend, **HAPAC** provides LAHU the vehicle to be a team player with these major organizations. In turn, these same associations are more willing to align with LAHU on key issues when we call on them.

How Can I Participate?

Please complete the form below and return it now.

**In a heavily regulated industry, having the right people in office matters!
You Can Make a Difference!**
